

Okinawa Veterinary Activity. Kadena Vet Clinic strives to deliver high-quality care to all our Military family and their pets through the support of our highly capable team comprised of NAF, MLCs (local nationals), and the Army Veterinary Corps. The Okinawa VETAC provides Military Working Dog medical care for the III Marine Expeditionary Force and the 18th Air Wing. Our clinic serves as the Role III veterinary referral for the Indo-Pacific region. The Okinawa VETAC provides healthcare to over 15,000 personally owned animals and supports the Government of Japan with the Rabies Prevention Program. Okinawa Branch ensures food safety across 13 installations on the island.

All SOFA status personnel are required to register their pet at the Kadena Vet Clinic. Registrations are done via walk in. Please bring your pet with you. Appointments are made via phone or in person only. Appointment schedule opens on the 15<sup>th</sup> of each month for the following month. All services are appointment only. We do not offer emergency or urgent care.
